Introduction

Welcome to Resilium Classic Home & Contents Insurance

Why is this document important?
This Product Disclosure Statement (PDS) is an important legal document that contains details of your home and contents insurance if you purchase this product from us. Before you decide to buy this product from us, please read this PDS carefully. If you purchase this product, please keep this PDS with your certificate of insurance in a safe place.

The information in this PDS was current at the date of preparation. We may update some of the information in the PDS that is not materially adverse from time to time without needing to notify you. You can obtain a copy of any updated information by contacting us on 131 436 or your Adviser. We will give you a free paper copy of any updates if you request them. If it becomes necessary, we will issue a Supplementary PDS (SPDS) or replacement PDS.

Cooling off period
After you take out this insurance or renew your policy for another period of insurance, you have 21 days to consider the information in your PDS. This is called the ‘cooling off period’. If you wish, and provided you have not made a claim, you can cancel your insurance within 21 days from the day cover began or was renewed. We will then refund in full any money you have paid.

Who is this product designed for?
This insurance product is specially designed for the owners of a home if you live in it and your contents inside your home, unit, apartment or flat.

For new customers, this policy is not suitable for covering your investment home or unit let out to your tenants. Please ask us about our Investor Home and Contents Insurance policy. Your policy continues if your investment home is currently insured under this policy.

Your full and correct disclosure of facts
You must comply with the duty of disclosure (see meaning on page 73) when you apply for this insurance. We will ask you for information about your home, your contents and yourself, which is used by us to consider your insurance application and calculate your premium. You must answer our questions honestly and tell us anything you or a reasonable person in the circumstances would include in their answer. Your answers apply to you and anyone else to be covered by the policy.

More than one named insured
If there is more than one named insured on your certificate of insurance, we will treat a statement, act, omission, claim or request to alter or cancel your policy made by one as coming from all those named as insured on your certificate of insurance.

About your sum insured

What is a sum insured?
The sum insured is the most you can claim for any one incident. The amount is shown on the certificate of insurance or in this PDS. The sum insured includes GST and any adjustment you are entitled to under additional feature 4 (automatic adjustments to the sum insured) on page 31.

Make sure your sum insured is adequate
Underinsurance can expose you to serious financial loss if a claim occurs. Make sure your home and contents are insured for their full new for old replacement value and it is your responsibility for deciding the amount of your sum insured.

Review your sum insured regularly
To ensure your sum insured is adequate, it is important to review it regularly and ask us to change the sum insured when required.

New replacement prices are constantly changing, especially for jewellery, valuables, photographic, computer, audio and visual electronic goods.

If you upgrade the size and standard of your home, it may increase the cost to rebuild your home. Your sum insured will need to reflect these types of changes.

If you over-insure
We will not pay more than it costs us to rebuild, repair or replace.

We will not refund any premium overpaid for over-insuring so it’s a good idea to constantly review your sums insured.

Goods and Services Tax (GST)
Sums insured, limits and the most we pay stated in this PDS and on your certificate of insurance include GST.
About your premium

The premium is the amount you pay us for this insurance. You also pay stamp duty, GST, any government charges and fire services levy that applies. Your premium does not include any administration fee charged to you by your insurance intermediary.

In addition to your sum insured, we use many factors about you and your home and contents to work out your premium. These are called premium factors. The premium factors we use reflect the likelihood of you making a claim together with other factors related to our cost of doing business.

Each time you renew your insurance your premium is likely to change, even if your personal circumstances have not changed. This is because premiums are affected by other things such as our expenses of doing business and changes in our approach to how we calculate your premium.

In addition to the factors we use to calculate your premium, the discounts you qualify for also affect your premium. Your premium includes any discounts you qualify for and these are applied before adding applicable government charges.

More details

For further details on how we work out your premium and for information about the discounts you may be eligible for, please refer to our Premium, Excesses, Discounts and Claim Payments Guide available at www.resilium.com.au/home-insurance/classic. A copy of this guide can be provided to you on request, at no charge, if you contact us on 131 436 or your Adviser.
Paying your premium
We will tell you how much you have to pay and how much time you have for payment on your certificate of insurance. You must pay the premium by the due date to be covered by this policy.

Unless we tell you, any payment reminder we send you does not change the expiry or due date. If you do not pay the premium and other charges in full, we may reduce the period of insurance so it is in line with the amount you paid.

You can pay your premium in one annual payment or by monthly instalments.

Paying premiums annually
If you do not pay your premium by the due date, we will give you a written notice of policy cancellation where we are required at law to do so.

If you pay your premium late, we may reject your payment and your policy will cease from the due date. If we accept your late payment, we might re-commence your cover from the date we receive your payment. If so, you will have no cover for the period from the due date until the date of payment.

Paying premiums monthly
If you pay your premium by monthly instalments and your payment is overdue, we can:

- refuse to pay a claim if payment is 14 days (or more) late and
- cancel your policy without notifying you if payment is 1 month (or more) late.

If you pay by the month we charge a fee of $3.50 each month as part of your premium and this is included in your monthly payment.

Proof of ownership and value
When you make a claim we may ask you to give us proof of ownership and value for what you are claiming for. This is especially important for valuables and items listed on your policy, as well as electrical appliances and furnishings.

We understand it is not practical to keep proofs for every household item you own. However, there are some items where we will reduce or refuse a claim unless you have proof of ownership and value. For full details refer to pages 55 to 58.

Setting up your contents cover

**Standard Cover**

Contents are covered at the home

- **A. Tailor your cover at home**
- **B. Tailor your cover away from home**

**Increase cover on valuables at the home**

- Your standard cover automatically covers valuable items but only up to the limits shown on page 12. However, you can choose to increase cover above the flexible limit.

**How do you tailor cover?**

Ask us to list items on your certificate of insurance for an extra premium. Check page 12 to see if you need to list any items.

**Where are listed items covered?**

At the home only.

**Extend cover to Australia & New Zealand**

- You can extend your cover to insure personal and portable items that are commonly carried away from home for accidental loss and damage (e.g. bicycles, laptops, cameras and MP3 players). As an additional benefit, we also cover these items if you accidentally lose or damage them at the home.

**How do you tailor cover?**

Ask us to add portable cover. An extra premium will apply.

**Where are personal and portable items covered?**

Anywhere in Australia and New Zealand, including at the home. Listed jewellery and watches are covered anywhere in the world for up to 30 days.

**Where are contents covered?**

At the home only.

This policy covers your contents at the home. However, fixed and flexible limits apply to some items (e.g. the most we will pay for jewellery is $1,000 per item).

You can increase cover for items and other valuables with flexible limits. See the next panel to learn how.

Page 13 | Page 13 | Page 13 to 16
Limits on contents cover

Standard cover has limits on some items to help lower the cost of insurance. To increase cover above a limit, tailor your standard cover by asking us to list items for an extra premium. You can only list items with a flexible limit (see table below). Listing items does not add cover away from the home.

The most we will pay for any one insured incident is the sum insured shown on your certificate of insurance. However, for some items, we will only pay up to the limits shown in the tables below. There are two types of limits: fixed and flexible.

A. Tailor your cover at the home

Increase cover on valuables at the home

If you own items or valuables above the flexible limits, ask us to list them for their full replacement value on your certificate of insurance. If we agree, you need to pay us any extra premium and keep the proofs described on pages 55 to 58 in case you make a claim. Sometimes we will ask you to install extra security as a condition of cover.

Please note that listing items above flexible limits does not add cover away from the home.

B. Tailor your cover away from home

Extend cover to Australia and New Zealand for personal and portable items.

Portable cover

You can ask us to add portable cover to your policy for an extra premium. If you choose and pay for this cover, it will be shown on your certificate of insurance.

You can list items individually or bundle items to add portable cover. You may wish to do both, although some items cannot be insured by bundled cover and must be listed individually for cover away from home (e.g. mobile phones, laptops, bicycles and GPS devices). See the following pages for more information.

We cover

When you insure personal and portable contents, they are covered for accidental loss, theft or damage happening in the period of insurance both in and away from the home. In and away from the home means:

- anywhere in Australia and New Zealand, including at the home and
- for any listed jewellery item or watch, you are covered anywhere in the world for up to 30 days from the time you depart Australia.

In addition, your personal and portable items are covered for accidental loss or damage at the home. To insure items other than personal and portable items for accidental damage at the home see optional cover 3 on page 43.

We do not cover

Breakage of sporting equipment while it is actively being used for sport or its intended sporting activity (e.g. breaking a tennis racquet or golf club when trying to hit a ball, or losing or breaking a fishing rod when reeling in a fish or while being used to lure or trawl for fish), but we will pay for damage to a bicycle while it is being ridden (see exceptions below).

For bicycles, we will not cover:

- damage to tyres while the bicycle is being ridden
- theft from a public place if the bicycle is not chained and securely locked to a fixed object, or is not locked to a bicycle carrier fixed to a motor vehicle
- theft from inside a motor vehicle unless the motor vehicle is locked at the time.
1. List items individually for portable cover

Examples of items you can list for portable cover are below and are a guide only. The items may change, plus you can ask us to list other personal and portable items. Contact us to find out if your item can be insured.

How to list items individually for portable cover

Ask us to list items for their replacement value. They will be shown on your certificate of insurance with a sum insured. For any item you need to:

- pay us any extra premium needed and
- keep proof of value and ownership in case you make a claim.

Sometimes we will ask you to install extra security as a condition of cover.

* Cover away from home anywhere in Australia and New Zealand

Explanation

Listed items (covered at the home only)

Items you list only to overcome flexible limits are covered at the home only (e.g. see solitaire engagement ring and CD/DVD collection above). Ask us to add portable cover to insure them away from home.

Listed items – portable cover

Items you list for portable cover will be shown as covered at the home and away from the home, with the amount it is insured for (e.g. see laptop and mountain bike above).
2. Add bundled portable cover

Why you might choose to add bundled cover
Adding bundled cover will save you from listing a number of low valued portable items for cover away from the home. See the table below for the items that are insured by bundled portable cover.

Limits for bundled portable cover
The limit is $1,000 for any one item or set and $4,000 in total for any one insured incident (Note: if you currently have different limits on your certificate of insurance for bundled portable cover those limits apply and not the limits shown here).

For personal and portable items valued at more than $1,000 each, you can ask us to insure them by listing the items individually (details on previous page).

Example of bundled cover
Items can be insured as long as they are shown in the table on the next page and they are less than $1,000 each. For example, these items could be insured under bundled cover:

- MP3 Player $300
- ring $950
- clothes $150
- handbag $700
- pram $400
- camera $650
- golf clubs $950

However, in the event of a claim, you will only have $4,000 in total to cover loss or damage to any combination of these items.

Bundled cover can be used to top up a claim for jewellery and watches that is not fully insured by your contents cover.

More details
For further details about how we pay claims for portable cover, including listed items and bundled portable cover, please refer to our Premiums, Excesses, Discounts & Claim Payments Guide available at www.resilium.com.au/home-insurance/classic. A copy of this guide can be provided to you on request, at no charge, if you contact us on 131 436 or your Adviser.
Items that are insured by bundled cover

Limit of cover is $1,000 per item and $4,000 in total.

If an item is not shown below and you would like it covered away from the home, ask us if we will list it individually for portable cover.

How much contents cover do you need?

Contents sum insured
You should insure your contents for the amount it costs to replace all your contents new for old. This amount is called your contents sum insured.

Some key points
Always use current prices to calculate your sum insured, not the depreciated value. This especially applies to items that are old, purchased secondhand or no longer available.

For electronic and hi-tech items
Since the prices of these items are constantly changing, the original purchase price may not be an accurate figure for the sum insured. Choose a sum insured that covers the cost to replace the technology in current prices (e.g. if a camcorder was purchased 5 years ago for $1600 and may now be replaced for $600, the sum insured is $600).

For secondhand purchases
Since we replace these items new, regardless of their age or condition, insure them for the cost to replace them new in current prices. Do not insure them for the secondhand purchase price or the depreciated value.

For obsolete items
Since an obsolete item is no longer available, insure it for the cost to replace it with an item of a similar standard (e.g. if an old colour television is now obsolete, insure it for the cost to replace it with a base model in the next generation of technology with the same size screen).

Landlord’s fixtures and fittings cover

If you already have this cover, there is no need for you to do anything. If you want to find out more about our investor home and contents insurance product, contact us. Investor offers extra cover for malicious damage by tenants and default of rent. Landlord’s fixtures and fittings cover is no longer available for new applications.

What we cover as landlord’s fixtures and fittings

Your landlord’s fixtures and fittings means:

- floor coverings
- light fittings
- window coverings
- whitegoods
- other fixtures and fittings shown on your certificate of insurance.

When your landlord’s fixtures and fittings are insured in a unit

‘Landlord’s fixtures and fittings’ also includes your fixtures and fittings in a unit which are not insured by the unit building policy according to state regulation. For example:

- wall paint and paper if your unit is located in NSW
- lino if it is not stuck down
- floating wooden floors paid for by you after the building was built
- air conditioners for the sole use of the unit owner or occupier.

Make sure your landlord’s fixtures and fittings sum insured includes these fittings.

What we do not cover as landlord’s fixtures and fittings

Your landlord’s fixtures and fittings do not include any:

- other fixtures or fittings not shown on your certificate of insurance
- contents.

Limits on landlord’s fixtures and fittings cover

The most we will pay for any one insured incident is the sum insured shown on your certificate of insurance unless a limit applies in the table below. You cannot increase the limits.

We cover

When you have contents cover and damage to your contents by an insured incident is the sole reason you cannot live at your home or unit, we will pay for your temporary accommodation costs for the time it takes to repair or replace your contents to a liveable condition. We will pay:

- up to 2 weeks in short term accommodation agreed to by us (e.g. standard rates for a hotel, motel or serviced apartment), then if necessary:
- up to another 50 weeks in residential accommodation of a similar standard to your home or unit. The amount we pay is based on the weekly rent you would receive for your home or unit at the time of your claim. We will ask a licensed property manager to assess this amount.

If you don’t have to pay rent during the repair period, we will deduct the amount you would pay for rent from what we pay you.

The limit is 10% of your contents sum insured and the longest period you can claim for temporary accommodation is 52 weeks. We will pay this in addition to the sum insured for your contents.

We do not cover

Temporary accommodation costs:

- if damage to the home or building is the reason why you cannot live there
- if you do not need to pay for temporary accommodation
- if you were not living at the home or unit at the time of the loss or damage
- if you did not intend to live at the home or unit during the repair period had your contents not been damaged
- beyond the period it should reasonably take to replace or repair your contents so you can live in your home or unit again.

## Removal of debris and keeping contents safe

When your contents are damaged by an insured incident, we will pay the reasonable and necessary costs to:

- dispose of damaged contents, and
- store undamaged contents during the reasonable time it should take to repair your home.

The limit for this additional feature for any one insured incident is **10%** of your contents sum insured. We will pay this in addition to the sum insured for your contents.

## More details

For further details about how we pay claims under additional feature 2. Removal of debris, please refer to our Premiums, Excesses, Discounts & Claim Payments Guide available at [www.resilium.com.au/home-insurance/classic](http://www.resilium.com.au/home-insurance/classic). A copy of this guide can be provided to you on request, at no charge, if you contact us on 131 436 or your Adviser.
### 3. Safety net home protection

| We cover | When your home is damaged by an insured incident and the cost of repairing or replacing it exceeds the sum insured, then we will pay up to a further **25%** of your home sum insured to:  
|          | ● repair damage or  
|          | ● replace your home or  
|          | ● pay you what it would cost us to repair or replace your home. |

| Note | The cover in safety net home protection does not increase your home sum insured. Any additional feature based on a percentage of the home sum insured does not increase.  
|      | For example, the most we will pay for removal of debris for a home claim is 15% of your home sum insured. The sum insured for this feature is not increased as a result of having safety net home protection.  
|      | Safety net home protection is designed to give you some extra protection against being affected by under-insurance outside your control.  
|      | You are responsible for insuring your home for what it costs to completely rebuild it using new materials. Even though you may do this, your sum insured can still fall short if building costs suddenly surge above normal after a disaster.  
|      | Our experience is that building costs can surge after widespread natural disasters like storms, cyclones and bushfires, causing greater demands on builders and materials. |

| Contact us immediately if you increase the size of your home | After you take out this policy, if you ever increase the size of your home (e.g. extending a room or adding a garage) you need to tell us and review your home sum insured. This is important because the cost to rebuild your home may have increased.  
|      | If the increase to the size of your home is more than **10%** and you do not contact us to appropriately adjust your sum insured, the most we will pay under this option reduces from **25%** to **12.5%** of your sum insured. |

- 80% or more of your home is damaged by an insured incident and  
- your home does not have a rainwater tank or solar heating system and  
- your sum insured plus safety net is adequate to repair or rebuild your home and  
- we have authorised or arranged the repair or rebuilding of your home.  
* Net cost is the amount you spend after deducting any government subsidy you are entitled to. You must supply us with proof of the amount you spent before we will pay you.

For all other items
We will decide what is reasonable proof of ownership and value depending on what you are claiming for, how old they are and their value.

When you cannot supply required proof
If you are unable to reasonably substantiate your claim, we can reduce or refuse your claim.
How to establish your loss

Establish an incident took place
When making a claim you must be able to prove that an incident insured by your policy actually took place. If you do not do this, we will not be able to pay your claim.

Describe your loss or damage
You must also give us accurate and full details of what was lost, stolen or damaged and give us proof of value and ownership for items claimed.

When your home or contents are damaged
Usually allowing us, a repairer or an expert appointed by us, to look at what is damaged is all that is needed to prove your loss. For valuable and badly damaged items, we may ask you to provide proof of ownership and value.

How to prove ownership and value
For lost, damaged or stolen items that are no longer available for inspection, you are required to validate your claim by giving us details of when and where purchased and reasonable proof of ownership and value.

We have minimum proof requirements for items such as paintings, jewellery, electrical items and DVDs. For full details of these requirements see pages 55 to 58. We have the right to ask you for more proofs and if so, we will let you know.

For all other items, we will decide what is reasonable proof of ownership and value depending on what you are claiming for, how old they are and their value.

If you are unable to reasonably substantiate your claim, we can reduce or refuse your claim.

Things you must do
- allow us to inspect the damaged home or contents
- allow us to arrange for experts to assess the damaged home or contents and to quote on repair or replacement
- provide us with a quote for repair or replacement if we ask for this. If you choose to use our recommended repairers (when available), there is no need to obtain your own quotes
- consult an expert if we ask for this.

Your co-operation is extremely important. If you do not co-operate we won’t be able to assess and pay your claim.
About your excess

What is an excess?
An excess is the amount you have to pay for each incident when you make a claim. We will deduct the excess from the amount of cover provided by your policy. The amount and types of excess are shown on your certificate of insurance.

The types of excess are:

- **Basic excess** – This excess applies to all home and contents claims except for portable or optional cover claims. You can choose your basic excess from the range we offer.
- **Optional cover excess** – Some optional covers have their own excess. If an optional cover does not have its own excess then the basic excess applies.
- **Portable cover excess** – Portable cover has its own excess that applies instead of your basic excess.
- **Earthquake and tsunami excess** – When loss or damage is caused by an earthquake or tsunami, you pay this excess in addition to any other excesses that applies.
- **Additional excess** – Sometimes we might decide to impose an additional excess. There are a range of reasons why we might decide to impose an additional excess. If an additional excess applies it applies on top of any other excesses.

When multiple excesses apply
Depending on the circumstances, you might have to pay more than one type of excess when you claim.

One excess to pay when you claim for home and contents
If you have a claim for both home and contents for the same insured incident, we will calculate the excesses that apply to your home and contents separately. You do not have to pay both, you only pay the higher of the two amounts.

You must pay the excess in full.

More details
For further details about our excesses, please refer to our Premium, Excesses, Discounts and Claim Payments Guide available at www.resilium.com.au/home-insurance/classic. A copy of this guide can be provided to you on request, at no charge, if you contact us on 131 436 or your Adviser.

How to pay your excess
If your claim is approved, we will:

- ask you to pay your excess to a repairer or supplier or
- ask you to pay us the excess or
- deduct the excess from the amount of cover for the insured loss and pay your claim.
How we settle your claim

We choose how your claim is settled

If we agree to pay a claim for loss, theft or damage to your home, contents or landlord’s fixtures and fittings, we will decide if we will:

- repair damage new for old or
- replace home or contents new for old or
- pay you what it would cost us to repair or replace your home or contents new for old.

The meaning of new for old is defined below.

We will not:

- pay extra to replace your home, contents or landlord’s fixtures and fittings to a better standard, specification or quality than it was before the loss or damage occurred except as stated in ‘new for old’ below
- fix a fault that existed before the loss or damage occurred.

New for old means:

- new materials, new items
  we replace or repair with new items or new materials that are available at the time of replacement or repair from Australian suppliers.

- new for old, regardless of age
  we replace or repair new for old regardless of age, with no allowance for depreciation.
  For example, a leather lounge which was purchased 5 years ago for $5,000 and now worth $2,000, will be replaced with a brand new leather lounge equivalent to your old lounge when it was new. Cover is not limited to $2,000.

- same type, standard and specification as when new
  we replace or repair to the same type, standard and specification as when new. If the same is not available, it means of a similar type, standard and specification when new. It can be a different brand.

New for old does not:

- include paying the extra cost of replacing or purchasing an extended warranty on any home or contents item or
- mean of a better standard, specification or quality than when new.

When items may be replaced to a better standard

Refrigerators, freezers, dishwashers, air conditioners, washing machines and dryers with less than a 3 star energy rating

For these items when being replaced, new for old means replacing with a new item of equal specification and if you agree, it means replacing with a minimum 3 star energy rating if this is available. It can be a different brand.

Obsolete electrical appliances

For obsolete electrical appliances, such as outdated computers or TVs, new for old means replacing or repairing to an equal specification. If this is not available, it means to the nearest better specification available. It can be a different brand.
When items cannot be replaced new for old

Paintings, pictures, works of art, sculptures, art objects, collections, memorabilia and antiques (not jewellery)

For these items, new for old means that if the item cannot be replaced or repaired new for old, we will pay you what it would have cost to buy the item immediately before the loss or damage occurred, but we will not pay more than its sum insured for that item.

When the sum insured is not enough to pay a claim

Pro rata adjustment of the sum insured

At renewal, we will adjust your total home and contents sum insured to accommodate increases in building and replacement costs. If you make a claim part way through the period of insurance, we will bring forward this adjustment using the following formula. We will:

+ increase the sum insured by the current annual adjustment of the sum insured at the time of the loss or damage and

- subtract from this an amount for unused period of insurance.

The adjustment will not apply to any listed contents items, portable cover or landlord's fixtures and fittings.

For example

If your home is under-insured and is destroyed by fire after 6 months period of insurance and the current annual adjustment we are using is 10%, then we would increase your sum insured by an annual adjustment of 5%.

This is on the basis that only half your period of insurance has been used, so you are entitled to half the annual automatic adjustments to the sum insured.

If you are still underinsured

Home claims

If the home sum insured after the pro rata adjustment is not enough to repair or rebuild your home, then we will add the cover provided by additional feature 3 (safety net home protection) on page 30.

If you are still underinsured after the pro rata adjustment and safety net home protection, then we will pay you the adjusted home sum insured plus any cover available under safety net home protection. We will not arrange repairs or replacements.

Contents claims

If the contents sum insured after the pro rata adjustment is not enough to repair or replace your contents, then we will pay you the contents sum insured.
Home claims

How we settle home claims

If we agree to pay a claim for loss, theft or damage to your home, we will decide if we will:

- repair damage new for old or
- rebuild your home new for old or
- pay you what it would cost us to repair or rebuild your home new for old.

When we repair or rebuild your home

We will do our best to obtain new materials that are the same type, standard and specification as when new. If the same is not available, we will use new materials of a similar type, standard and specification that are commercially available and compliant with the latest building regulations.

When we cannot match materials

If we cannot find new materials to match undamaged parts, we will use the closest match available to us.

If you are not satisfied with the materials we find as the closest match:

- if we agree, you can pay the extra cost of replacing undamaged parts of your home to achieve a uniform appearance.
- or we will pay you what it would have cost us to repair or rebuild the damaged part.

Repairing or rebuilding damaged parts

We will only repair or rebuild the parts that are damaged by an insured incident. You cannot claim to replace undamaged parts of your home to create a uniform appearance, such as when:

- one garage door is damaged
  we will only replace or repair the damaged one, not other doors
- roof tiles are damaged
  we will only replace the damaged ones, not the undamaged tiles, even if the undamaged tiles are faded and do not match the new ones used for repairs
- roof sheeting is damaged
  we will only replace the damaged roof sheeting, not the undamaged roof sheeting, even if the closest match available to us is a different shade or colour to the undamaged roof sheeting
- an external wall is damaged
  we will replace the damaged parts of the wall, not undamaged areas of the wall or other sides of your home.

For circumstances where we will repair or rebuild undamaged parts read the following pages.
When we will repair or rebuild undamaged parts

If we cannot match the new materials with the undamaged parts, if necessary, we will only pay extra to create a uniform appearance when:

- **wall tiles are damaged**
  we will pay up to $750 extra for each incident to replace undamaged wall tiles in the same room, stairs, hallway or passageway* so they match or complement new tiles used for repairs

- **other wall coverings are damaged** (e.g. paint, wallpaper, wood panels, but not tiles)
  we will pay extra to paint, wallpaper or replace undamaged wall coverings in the same room, stairs, hallway or passageway where the damaged occurred

- **floor coverings are damaged** (including tiles)
  we will pay extra to replace continuously joined undamaged floor coverings of the same material in the same room, stairs, hallway or passageway where the damage occurred

- **kitchen cabinets, cupboards or benchtops are damaged**
  this is described below.

* For definitions of these terms refer to the diagrams on pages 65 to 66.

We will repair the damaged parts of your kitchen cupboards, cabinets or benchtops.

When we will replace undamaged parts of the kitchen

To create a uniform appearance, if necessary, we will pay extra to replace undamaged parts of the same cupboard, cabinet or benchtop so that they match the repaired parts.

**Same cabinet, cupboard or benchtop means:**

- those parts continuously joined to the damaged parts (this is one 'section')
- made out of the same materials and
- on the same level.

See the case study on the next page for a visual explanation.

**Note**

Sometimes replacing the benchtop, door fronts or drawers in the undamaged area is all that is necessary to create a uniform appearance. We will decide what is necessary depending on the circumstances.
Case study

The extent of repairs carried out to match undamaged areas in a kitchen.

To match undamaged areas to the damaged parts, they must be:
- continuously joined and
- on the same level and
- made of the same material.

In this kitchen case study

Areas 1, 2 and 3 will be treated as separate sections. The oven breaks up the bottom level into two sections (e.g. if only section 2 is damaged, we will not pay to replace sections 1 and 3).

What we mean by same room, stairs, hallway or passageway

Same room

A room is an area starting and finishing at:
- its nearest walls
- nearest doorway, archway or similar opening of any width
- a change in the floor or wall covering.

A hallway next to a room is not the same room, even if it has the same floor or wall covering as the room.

Any archway or similar opening separates a room unless it is a combined lounge-dining room (below).

Combined lounge-dining room

We will only combine rooms with a shared doorway, archway or similar opening when:
- they are lounge and dining rooms and
- the shared doorway, archway or similar opening is wider than 82cm and
- the floor or wall covering is the same in both rooms.

Open plan areas

When there is no wall, archway, doorway or similar opening, the room continues until:
- a change in the floor or wall covering
- the nearest wall, doorway, archway or similar opening.
Same passageway or hallway
A passageway or hallway has the same meaning as a room. We will not combine a hallway and a room.

Same stairs
Side view of stairs

Legend
- Shaded areas show the area that we consider the same room, stairs, hallway or passageway.
- Solid lines represent floor to ceiling walls.
- Dotted lines show boundaries of a room or area where there is no physical barrier present (e.g. no wall or door).

Dealing with defects

If a known defect is the cause of the damage
We do not pay for loss or damage caused by a defect, structural fault or design fault at your home that you knew about (or should reasonably have known about) and did not fix before the loss or damage occurred.

If an unknown defect is the cause of the damage
If an insured incident damages your home and an unknown defect was the cause or part of the cause, we will pay for the resulting damage. If the unknown defective part is also damaged by the same incident, we will fix this as well.

We do not rectify structural or design faults
When we accept a claim, we will not pay extra to rectify a structural or design fault at your home that existed before the damage occurred. We will only pay you what it would have cost us to fix the damage from the insured incident or if we agree, you can pay us extra to rectify the structural or design fault at your home.

If undamaged defective parts of your home will not support repairs
If undamaged defective parts of your home will not support repairing damage by an insured incident, we will only pay what it would have cost us to repair the damage had your home not been defective.

For known defects or faults
Once you become aware of a defect, structural or design fault at the home, you must rectify it as soon as possible because there is no cover for loss or damage due to that defect. If you do not rectify the defect or fault, we will not offer a renewal of your policy.
**Changes to your home**

**If you want to change the design of your home**

When rebuilding your home, if we agree, you can choose to change the design of your home or upgrade parts of it, providing you pay the extra costs of doing this. If you want to downsize your home for less cost than you are entitled to claim, we will not pay more than it costs us to rebuild the downsized home.

**Choosing to rebuild on another site**

If your home is to be rebuilt after an insured incident you can choose to have your home rebuilt on another site providing you pay any extra costs involved.

**Homes to be demolished**

If you planned to demolish your home before it was damaged by an insured incident, we will only pay you the demolition value of your home. Without written evidence of your home’s demolition value, we will not pay your claim if your home is damaged by an insured incident.

The demolition value is the amount you would have received for parts of your home had you sold them when your home was being demolished.

Planned means you intended to demolish your home, had lodged an application to do this, or a government authority had issued a demolition order.

**Lifetime guarantee on home repairs**

When we repair or rebuild your home, we guarantee the quality of materials and workmanship of that work for the lifetime of your home if we:

- authorise and
- arrange and
- pay the builder or repairer directly for this work.

**What we guarantee**

We guarantee the material used and standard of the workmanship to be free of defects. If a defect arises in the lifetime of your home as a result of poor quality workmanship or use of incorrect materials, then we will rectify the problem.

**This guarantee does not apply:**

- to repairs you authorise or make yourself
- to loss, damage or failure of any electrical or mechanical appliances or machines
- to wear and tear consistent with normal gradual deterioration of your home (e.g. paint peeling off after its expected life cycle, wood rotting from moisture in the air or ground, roofs weathering or a hot water tank leaking after its guaranteed life)
- where we agree with a repair quote and we give you, or the builder or repairer, a cheque for the cost of the repairs and you arrange the repairs.
Contents claims
This section will also apply to your landlord’s fixtures and fittings claim.

How contents claims are settled
If we agree to pay a claim for loss, theft or damage to your contents, we will decide if we will:

- repair damage new for old or
- replace your contents new for old or
- pay you what it would cost us to repair or replace your contents new for old.

When we repair or replace your contents
We will repair or replace your contents with new items or new materials that are reasonably available at the time of replacement or repair from Australian suppliers. We replace to the same type, standard and specification as when new. If the same is not reasonably available, it means of a similar type, standard and specification when new. It can be a different brand.

When we cannot match materials

If we cannot find a match we will use the closest match reasonably available to us.

If you are not satisfied with what we choose:

- if we agree, you can pay the extra cost of replacing other parts of your contents to achieve a uniform appearance.
- or we will pay you what it would have cost us, but only if we agree to this. We usually insist on replacing jewellery if your cover is adequate.

If you have a claim for the following items:

- obsolete electrical appliances
- paintings, pictures, works of art, sculptures, art objects, collections, memorabilia and antiques (not jewellery)
- refrigerators, freezers, dishwashers, air conditioners, washing machines and dryers with less than a 3 star energy rating.

Please see pages 61 to 62 for details on how we settle these claims.

Repairing or replacing damaged contents
We will only repair or replace contents that are lost or damaged by an insured incident. You cannot claim to replace undamaged parts of your contents (e.g. when a lounge chair which is part of a suite is damaged beyond repair. We will pay to replace that chair, not the whole lounge suite).

When we will repair or replace undamaged parts
We will pay extra to create a uniform appearance when the following are damaged:

- internal blinds and curtains
  if we can’t match the new material or parts with the undamaged ones, if necessary, we will pay extra to replace undamaged blinds and curtains in the same room, stairs, hallway or passageway* where the damage occurred.
carpets or other floor coverings

if we can’t match the new material or parts with the undamaged ones, if necessary, we will pay extra to replace undamaged floor carpets and other coverings in the same room, stairs, hallway or passageway where the damage occurred.

* For definitions of these terms refer to the diagrams in the section ‘Home Claims’ on pages 65 to 66.

Does your claim affect your cover?

After a home claim
If we only pay part of the sum insured to you, your home policy continues for the period of insurance.

If we pay the full sum insured to you, all cover under your home policy stops. There is no refund of the unused premium. If you have been paying premiums by monthly instalments, we will deduct the remaining instalment premiums for the unexpired period of insurance, from the amount we pay for the claim.

After a contents claim
If we pay the full sum insured on your contents after a claim, your contents sum insured is automatically reinstated and cover continues for the period of insurance at no extra cost. You may need to change your insured address or reduce your contents sum insured. There is no refund of premium if you reduce your sum insured by the amount of your claim.

After claiming for listed contents
If we pay you the sum insured for a listed content item (e.g. a $5,000 engagement ring), or pay to replace it, cover for that item stops and there is no refund of unused premium. If you want cover for any new replacement item, you will need to contact us and apply for cover for the new item.

What we will do after a claim is paid

Salvaged home contents
We can take and keep any recovered or salvaged item and sell it and keep the proceeds after we have replaced the item or paid you for it.

Our right to recover claims we pay from those responsible
After we pay a claim under this policy, we can decide to take legal action in your name to recover money from the person or entity who caused loss, damage or liability. You must give us all the help we need to do this. If we recover money that belongs to you and was not part of the claim we paid, we will give this to you.

More details
For examples on how a claim payment might typically be calculated, please refer to our Premium, Excesses, Discounts and Claim Payments Guide available at www.resilium.com.au/home-insurance/classic. A copy of this guide can be provided to you on request, at no charge, if you contact us on 131 436 or your Adviser.
Other Important Information

Your responsibilities

You must:
- keep the home, unit and contents well maintained and in good condition, this includes rectifying faults or defects such as fixing roofs, gutters, drains, water pipes and tiled areas when they leak or need repairs
- maintain locks or alarms in good working condition, especially if we relied on burglary security and monitored smoke detectors being installed when accepting your insurance
- take all reasonable care to prevent theft, loss, damage or legal liability
- follow all the terms and responsibilities set out in your policy
- provide honest and complete information for any claim, statement or document supplied to us.

Not meeting your responsibilities

If you do not meet your responsibilities, it may lead to us:
- reducing or refusing to pay your claim
- cancelling your insurance policy
- reducing your cover to what we would have accepted had we known correct facts.

If fraud is involved, we can treat your policy as if it never existed.

When you need to call us

When your home will be unoccupied

When your home will be unoccupied for more than 60 consecutive days all cover stops unless we agree in writing to continue cover and you:
- secure the home or unit against intruders (e.g. window locks or deadlocks) if we ask for this
- install a monitored alarm with smoke detectors if we ask for this
- arrange for a weekly inspection and maintenance while you are away
- pay us any extra premium for the increased risk and
- agree to any increased excess that we impose.

When you alter, extend or renovate your home

When you plan to alter, extend or renovate we will not cover you for some insured incidents. Your legal liability cover is also affected if you spend more than $50,000 on building, altering or renovating.

Also contact us when:
- you become aware that your home has a defect or is in a state of disrepair (e.g. the roof leaks when it rains)
- you plan to demolish your home. You must obtain written evidence of your home’s demolition value. ‘Plan’ means you intend to demolish your home, have lodged an application to do this, or a government authority issued a demolition order
- you move out and let your home to tenants
• trespassers (squatters) occupy your home
• you are operating or intend to operate a business activity at your home. There is no need to tell us about letting 1 or 2 bedrooms to paying guests, boarders or tenants or using 1 or 2 rooms as a home office
• details on your certificate of insurance are no longer accurate.

**What we will do when you contact us**
We will re-evaluate your policy and if we agree or disagree to continue cover, we will tell you in writing. We may decide to impose an additional excess, charge an additional premium or apply a special condition to your policy. In some cases it could mean we can no longer insure you.

**What happens with cancellations?**

**Cancellation by you**
You can cancel the cover at any time and the cancellation takes effect on the date we receive your request. We will refund any money we owe you less any cancellation fee that might apply and any non-refundable government charges.

**Cancellation by us**
We can cancel your cover at any time according to law. We will refund any money we owe you less any non-refundable government charges. If we cancel your policy due to fraud, we will not refund any money to you.

**Cancellation fee**
We incur costs in establishing and administering your policy. If you cancel one or more insured addresses on your policy within the same period of insurance, we will charge a fee.

A cancellation fee will not apply if:

• you are transferring cover to another home or contents policy with us
• you are moving to an area where we do not offer insurance
• you cancel the cover within the cooling off period
• we cancel the cover for any reason.

Your cancellation fee is based on the number of days remaining in your period of insurance for the address being cancelled. The maximum amount charged on each cancelled insured address is $80 (inclusive of government charges), and this amount reduces daily to a minimum of $30 (inclusive of government charges).

This fee is deducted from any refund we send you. If the refund is less than the fee, a refund will not be issued and we will not charge you an additional amount to cover the difference.

For policies paid by the month, no refund will be issued.

Report insurance fraud

Insurance fraud is not a victimless crime. It imposes additional costs on honest policy holders and wastes the valuable resources of our community. This means it affects everyone.

We actively pursue fraudulent and inflated claims in order to keep your premiums as low as possible. Fraudulent claims will be investigated and may be reported to the police.

Help us fight insurance fraud by reporting:

- inflated vehicle or home repair bills
- staged vehicle or home incidents
- false or inflated home or vehicle claims
- home and vehicle fires which may be intentionally started, including by someone known to you.

To report suspected insurance fraud, call 1300 881 725. Let’s work together to reduce the impact of insurance fraud on the community.

Financial Claims Scheme
This policy may be a ‘protected policy’ under the Federal Government’s Financial Claims Scheme (FCS) which is administered by the Australian Prudential Regulation Authority (APRA).
The FCS only applies in the extremely unlikely event of an insurer becoming insolvent and the Federal Treasurer making a declaration that the FCS will apply to that insurer.
The FCS entitles certain persons, who have valid claims connected with certain protected policies issued by that insurer to be paid certain amounts by APRA.
Information about the FCS can be obtained from APRA at apra.gov.au or by calling 1300 55 88 49.
